Traditional Ecological Knowledge

Concept

The goal of this session is to encourage greater respect and understanding of tribal ecological knowledge and its value in resource management efforts by:

- showing the interconnectedness of tribal ecological knowledge in federal, state, and local resource management programs;
- highlighting examples of collaboration with Tribes where tribal ecological knowledge is respected and validated; and
- discussing applications where tribal and native science ensures successful water and land stewardship.

Total time for session is 1.5 hours – Please plan to have sufficient time for presentations and discussion.
